EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephen Soffen on 06/18/2008.

The application has been amended as follows:

Claim 12 line 3, after "an outer surface and" delete "at least one suture passage" and replace therewith --two transverse suture passages--.

Claim 12 line 4, after "the suture" delete "passage" and replace therewith-- passages--.

Claim 12 line 4, after "to the longitudinal axis" add --,each of the suture passages having a respective suture recess provided therein--.

Claim 12 line 5, after "to the suture anchor" add --, the tissue fixation device having a plurality of holes--.

Claim 12 line 5, after "; and" delete "at least one" and replace therewith --a single--.

Claim 12 line 5, after "suture strand" delete "attached to" and replace therewith -- that passes through the two transverse suture passages of the suture anchor and through the holes of the tissue-fixation device, the single strand attaching--.

Art Unit: 3731

Claim 12 line 6, after “anchor” and before “to the tissue-fixation” delete “and”.

Claim 12 line 6, after “the tissue-fixation device” delete “by” and replace therewith –and terminating in--.

Claim 12 line 6, after “at least one knot” delete “located in the proximity of the suture passage” and replace therewith –disposed within one of the suture recesses of the suture anchor--.

REASONS FOR ALLOWANCE

The following is an examiner’s statement of reasons for allowance: the prior art fails to show the combination of a tissue fixation device with a suture anchor wherein a single suture strand passes through two transverse passages in the anchor leaving a knot in a suture recess on the anchor. The prior art anchors have knots on the top of the tissue fixation device, lack two passages, and do not teach or suggest having a single suture strand passing between both passages.

Claims 1 and 6 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 12 and 13, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action**

mailed on 04/11/2007 is hereby withdrawn. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Timothy J. Neal whose telephone number is (571) 272-0625. The examiner can normally be reached on M-F 9:00-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Todd Manahan can be reached on (571) 272-4713. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
